

**Are you a mobile mixer owner or operator ?  
 Improve your Productivity & Profit by attending the  
 Zimmerman Industries Operators Training School**

**Topics Include:**

- \* Concrete Mix Designs
- \* Calibration
- \* Maintenance of Equipment
- \* Production of quality concrete
- \* Use of Admixtures
- \* Delivering to Contractors & Homeowners

**ZII will be holding our next class March 2-4, 2010 in Ephrata, PA**

Our school has been approved by the NRMCA for inclusion in their STEPS program. Our course is designed to give each attendee the tools needed to be successful in a changing world. This course includes a comprehensive Training Manual and hands-on opportunities in all aspects of Volumetric Concrete Production. Owners and operators have profited from our school, as well as DOT officials from across the country. Question and answer times are a vital part of each session, ensuring that real, practical issues are addressed. Lodging for 2 nights, as well as breakfast and lunch for 3 days are included in the price, there is also a discount for multiple attendees from one company. Space will be limited, so plan on registering early.

For additional information, please contact Zimmerman Industries at (888) 577 6499.
